MESSAGE FROM PASTOR RANDY:

Dear Brothers and Sisters in Christ:

For the first time in a long time we had an in-person worship service this past Sunday. We wore masks, cut down on the singing, social distanced, used Jesus lunchables for communion and tried to follow as many guidelines as we could to be safe, but went live on YouTube, and we worshipped. We prayed together, we heard the Word together, we ate together (albeit at the appropriate distance from one another) and we gave thanks to God with our unified voices. We worshipped.

Some may think it is a small thing in the greater scheme of things; but small or not, it may be the most important thing in the greater scheme of things. It is an opportunity each week to entertain the mystery that is God. It is the one time each week when we can step back and look at the big picture – not the big picture that is the state of West Virginia, or the big picture that is the United States, or even the big picture that is the world. We can look at the big picture that is all of creation, all of time, all of existence, everything there is. And we can, for a moment, think about where we all fit into that existence. We can think about how unimportant we seem; and yet, how important we are to that existence, to the creator God who in all that existence became one of us to emphasize the importance our lives to God:

“When I look at your heavens, the works of your fingers, the moon and the stars that you have established;

what are human beings that you are mindful of them, mortals that you care for them?

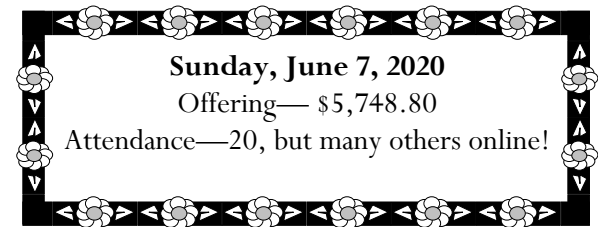

Yet you have made them a little lower than God, and crowned them with glory and honor.

Psalm 8:3-5

We worshipped. We have done so every week for thousands of years. We worship, not because we can, but because we must. We worship to remember who we are, who God is, and how we fit together in all of the turmoil of existence. We worship.

God's peace,

Pastor R.
